Landmark Hospital-

2040 W. 32nd St, Joplin, MO 64804
(417)627-1300

Provide solutions for patients who face a hospital discharge, yet still require acute medical care. Our patients may simply need additional time to recover from an illness or injury, or they may present medically complex cases that require a multi-disciplinary approach to extended acute healthcare. Our patients require a higher level of care for a longer period than the average hospital offers; but they are not yet ready to transfer to a sub-acute care facility, such as a skilled nursing facility, or to be discharged. During this critical time, we bring exciting new technologies and experienced management to bear on our primary task – providing our patients with the best medical care available as they continue on their journey toward healing.

Contact (417)667-2233

Hours Mon-Fri 8:00a-5:00p

Services for clients are available after hours.

We work with individuals with developmental disabilities, physical disabilities, and other barriers to employment. We assist them in finding gainful employment in our communities. Our services are contracted through Vocational Rehabilitation and are available to individuals with a confirmed, qualifying disability. We provide assistance with interview preparation, resume building, providing job leads and talking with employers on your behalf. The Chafee Program is a state mandated program for youth ages 14-21 in Foster Care and helps them build life skills. Also available to some qualifying individuals are on-site job supports. We will provide a job coach to be with you on-site and they may assist you with learning the job tasks, building natural supports and other aspects you may need to learn or practice.
